

Thank you for reading this. I am horrified by the latest abuse of the public airwaves by Sinclair Broadcasting. Their decision to force their stations to air an anti-Kerry documentary days before the election is a obvious example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and therefore is OBLIGATED by law to serve the public interest. The public interest is served by offering unbiased news coverage and balanced programming and VIOLATED by showing political propaganda disguised as news coverage. They have abrogated their responsibility to the public by planning to air this full-length political commercial in the guise of a documentary. and if they are not taken to task for this our democracy is at stake.

Please do not renew Sinclair's license if they go through with showing this documentary, especially they refuse to balance it's biased message by giving equal airtime to another program that offers the opposing argument. Thank you.
